

Video-Verified Medication Dispenser System III

The Video-Verified Wi-Fi Automatic Medication Dispenser has 28 medication cartridges, and lets you use our smartphone APP to schedule up to 6 doses per day. It features a lockable, tamper-proof housing and dispenses medication only at the programmed times; therefore reducing the risk of overdose and abuse. It also sends you an audible alert and a notification to you and your authorized users if a dose is missed. The included Twist HD cam can detect and capture anyone using the dispenser and see how the patient is doing in real-time.

- 1x Security Shuttle
- 1x Twist HD Camera
- 1x Automatic Medication Dispenser

*Smartphone not included

Network Security

Creates a closed network with advanced security measures to protect your privacy

24/7 Intelligent Recording

The recording automatically filters out unchanged scenes

Night Vision

Automatically switches to infrared night vision mode under low-light conditions

Motorized Panoramic View

Provides you a 360 degree motor-driven panoramic view

Medication Adherence

Uses sensors to track your medication intake.

Local & Cloud Storage

Free Network Attached Storage (NAS) in the Shuttle to protect your video privacy
