

Smart Garage Ultra-Secure Starter Kit

Seeing is believing. Here is a collaborative solution to control and protect your garage. This Ultra-secure Starter Kit is easy to install, includes HD video, and lets you operate your existing opener* via your smartphone.

- 1x Security Shuttle
- 1x Mini Cube HD Camera
- 1x Garage Door Control Button

*Not compatible with other Wi-Fi garage door openers.

Network Security

Creates a closed network with advanced security measures to protect your privacy

24/7 Intelligent Recording

The recording automatically filters out unchanged scenes

Automation

Operate your garage door anywhere via your mobile device with an Internet connection

Night Vision

Automatically switches to infrared night vision mode under low-light conditions

Local Siren

Acts as an intruder deterrent and alerts loved ones at home in case of emergency

Local Storage

Free Network Attached Storage (NAS) in the Shuttle to protect your video privacy

KEY FEATURES

- Get a push notification whenever someone uses the system to open the garage door
- Visually verify that you did not accidentally leave your garage door open after you've driven away
- Easily open and close your garage door to receive packages
- HD surveillance gives you extra protection
- Works with most garage door openers
