

## TripleShield C1S3 Interactive Security System

Home8 TripleShield™ C1S3 system is a compact and economic home security solution for multiple locations to provide mobile push alerts to multiple tiers of users. The system also allows you to communicate real-time with your beloved ones when incident occurred while viewing the App.

- 1x Security Shuttle
- 1x Wi-Fi Camera
- 2x Door + Window Sensors
- 1x External Siren
- 1x 16G USB Thumbdrive

### Network Security

Creates a closed network with advanced security measures to protect your privacy

### Event-triggered Recording

When a sensor is triggered, all cameras begin recording simultaneously.

### Entry Protection

Sensors help provide precise video logs of who's coming and going

### Night Vision

Automatically switches to infrared night vision mode under low-light conditions

### Local Siren

Acts as an intruder deterrent and alerts loved ones at home in case of emergency

### Local Storage

Free Network Attached Storage (NAS) with the Shuttle to protect your video privacy

## KEY FEATURES

- The system alerts you and your group of users when doors or windows are opened or any movements are detected when armed.
- Captures 5 seconds before a triggered event and 25 seconds after
- Arm and disarm your system from your mobile app
