

TripleShield C2S6 Interactive Security System

Home8 TripleShield™ C2S6 System is an integrated home security solution for multiple locations to provide mobile push alerts to multiple tiers of users. The system also allows you to communicate real-time with your beloved ones when incident occurred while viewing the App.

- 1x Security Shuttle
- 2x Wi-Fi Cameras
- 2x Door + Window Sensors
- 1x External Siren
- 1x Infrared Motion Sensor
- 2x Keychain Remotes
- 1x 16G USB Thumbdrive

Network Security

Creates a closed network with advanced security measures to protect your privacy

Event-triggered Recording

When a sensor is triggered, all cameras begin recording simultaneously.

Entry Protection

Sensors help provide precise video logs of who's coming and going

Night Vision

Automatically switches to infrared night vision mode under low-light conditions

Local Siren

Acts as an intruder deterrent and alerts loved ones at home in case of emergency

Local Storage

Free Network Attached Storage (NAS) with the Shuttle to protect your video privacy

KEY FEATURES

- Monitor primary access into the home
- Captures 5 seconds before a triggered event and 25 seconds after
- Arm and disarm your system from your mobile app or with the included keychain remote
- No more control panels
